CONTENTS

WILSON®

Over 50 years ago, Wilson forever changed defensive play for baseball and softball with the creation of the A2000®. Today, our relentless commitment to the player lives on. From balls and gloves to helmets, uniforms and protective gear, Wilson creates products that work as hard as the players they are designed for.

Wilson works with players at all levels—from the T-ball fields to Major League Baseball diamonds—so that they can use our products as they take their game to the next level.

DEMARINI®

At DeMarini, we believe that in order to break performance boundaries, you sometimes need to break with convention. Obsessing over the little details can make a major impact and we'll stop at nothing to bring performance to the player. From the bat in your hands to the shirt on your back and everything in between, we believe in obsessive, unconventional, player driven performance.

ATEC®

At ATEC, we are committed to providing tools and resources to coaches who are dedicated to advancing player development. We understand the value and importance of the coach and therefore develop products that meet their training needs. The result is unrivaled equipment that helps coaches train their players more efficiently, more accurately and far more effectively.

From high school & college teams, to travel teams and even the backyard warrior, ATEC has products and resources to help every player achieve their best.

A2K®

New for 2014! The A2K® is Wilson's most premium glove model. The top 5% of Pro Stock™ hides are triple sorted for consistency and flawlessness, resulting in the softest and most durable leather Wilson® has. All of the meticulously designed A2K features work together to provide the same core benefit, a truly long lasting glove that breaks in faster than ever.

1. PRO STOCK™ SELECT LEATHER:

The top 5% of Pro Stock hides are triple sorted for consistency and flawlessness—these become tanned specifically for the A2K. The 2014 gloves features Vintage Tan and Jet Black.

2. ROLLED DUAL WELTING: Thin strips of Pro Stock™ leather are skived thin and rolled to provide long lasting shape and allowing for a quicker break in.

3. DOUBLE PALM CONSTRUCTION:

A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability.

4. 3X MORE CRAFTSMAN SHAPING:

A master technician spends 3x more time pounding and shaping your glove by hand at the factory—reducing break in time for you.

A2000®

The Wilson® A2000® puts unbeatable craftsmanship in the palm of your hand. Wilson spent countless hours working with MLB® players to further refine the glove that has outperformed and outlasted all others for almost 60 years. This line is expertly constructed with world famous Pro Stock™ Leather to provide durable performance game after game. The result—the perfect glove for hardworking players everywhere.

- 1. PRO STOCK™ LEATHER:** American Steerhide prized by professional players for its rugged durability and unmatched feel. It's the perfect ball glove leather.
- 2. DUAL WELTING™:** The "exposed edges" of leather along each finger back—we do this twice on each finger to provide the most durable pocket and long lasting break in.

- 3. PRO STOCK™ PATTERNS:** Exclusive hand designed patterns continuously improved by Aso-san and the Wilson Advisory Staff year after year.
- 4. DRI-LEX:** Ultra-breathable wrist lining transfers moisture from the skin, keeping your hand cool and dry.

A2000® SUPERSKIN™

Wilson's SuperSkin™ A2000® glove series Pro Stock™ Leather with a stronger, lighter and softer man-made material, SuperSkin™. SuperSkin is used on the back of the glove to shorten break in time, lower your reaction time and repel moisture.

- 1. SUPERSKIN™:** Demanded by our top athletes—it's 2x stronger than cowhide leather, but only ½ the weight.
- 2. PRO STOCK™ LEATHER:** American Steerhide prized by professional players for its rugged durability and unmatched feel. It's the perfect ball glove leather.
- 3. DUAL WELTING™:** The "exposed edges" of leather, twice on each finger, provide the most long lasting and durable pocket.
- 4. STRATEGIC DESIGN:** Leather where you need it, SuperSkin™ where you don't.

A1K™

Wilson's all new A1K™ series takes the patterns and construction used for the pros' gloves and updates them to offer a more snug fit—just like Dustin Pedroia prefers. The A1K features the DP 15 Fit which includes a smaller wrist opening and narrower finger stalls along with other updates. Jet Black Top Shelf™ leather and Gunmetal embroidery make for a glove that looks as good as it fits.

- 1. FASTBREAK™ CONSTRUCTION:** We combined the expertise from our A2000 technicians with materials optimized for a quicker break in.
- 2. PRO STOCK™ PATTERNS:** The exact same base patterns used on our legendary A2K and A2000 models.
- 3. PEDROIA FIT:** All the elements of our best selling A2000, the DP15, are here—tight fit, long laces, smaller hand opening and low profile heel.

A2K™ FASTPITCH

Playing softball like a girl just got a fierce new meaning with the Wilson® A2K™ Fastpitch line. These gloves put the female ballplayer in control with advanced craftsmanship, flawless Pro Stock™ Select leather and patterns designed for a female hand needing to catch a softball. Developed with a focus on durability and a break-in faster than you can imagine, the Wilson A2K Fastpitch line was made for the softball player who wants to dominate the diamond.

- 1. DOUBLE PALM CONSTRUCTION:** A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability and a quicker break in.
- 2. 3X MORE CRAFTSMAN SHAPING:** A master technician spends 3x more time pounding and shaping your glove by hand at the factory—reducing break in time for you.

YAK™

The Wilson® Pro Soft Yak™ is light, soft and made to play with unstoppable strength. Developed with Yak Leather, this glove is 3x stronger than traditional cowhide leather. Wilson Pro Soft Yak™ was designed to give you a quicker break-in, and a soft, game-ready feel right off the shelf.

- 1. YAK™ LEATHER:** The foundation of lightweight leather footwear, Yak is 3x stronger than cowhide, allowing it to be skived thinner, producing a lighter glove.
- 2. DOUBLE PALM CONSTRUCTION:** A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability and a quicker break in.
- 3. PRO STOCK™ PATTERNS:** Exclusive hand designed patterns continuously improved by Aso-san and the Wilson Advisory Staff year after year.
- 4. LOW PROFILE HEEL:** Lower profile heel makes glove more flexible, opens up the palm and pocket, and makes the glove more forgiving on bad-hop grounders.

GAME READY SOFTFIT™

Sometimes you don't have all winter to break in a glove. That's why we developed a glove with a great fit that is soft and 100% game ready. There are several things in life you will wait for, but with the Game Ready SoftFit™ having a glove ready for the first practice of the season won't be one of them.

- 1. EXCLUSIVE ECCO™ LEATHER:** Game ready leather engineered specifically to provide softness on the first day of ownership and durability for years to come.
- 2. 2X PALM CONSTRUCTION:** A thin, strategically cut piece of leather is placed between the palm liner and outer shell, providing maximum pocket stability and a quicker break in.
- 3. FULL LEATHER CONSTRUCTION:** Shell, laces, palm liner—everywhere. Nothing breaks in and conforms to your hand better.
- 4. LOW PROFILE HEEL:** Lower profile heel makes glove more flexible, opens up the palm and pocket, and makes the glove more forgiving on bad-hop grounders.

A500™ GAME SOFT™

The updated Wilson® A500™ Game Soft™ glove line is the lightest all-leather glove on the market. Flexible and ready to play today, the top grain leather used on the Game Soft™ provides the feel of an all-leather glove without the weight.

1. **TOP GRAIN LEATHER:** All the feel without the weight.
2. **REAL LEATHER LACES:** Tough and strong for maximum durability.
3. **DOUBLE PALM CONSTRUCTION:** Keeps the pocket stable and wrinkle free.
4. **DUAL WELTING™:** The “exposed edges” of leather along each finger back—we do this twice on each finger to provide the most durable pocket and long lasting break in.

FLASH™

Flexible materials and intelligent design come together to produce the easiest glove for young hands to close. Its simple and effective design provides a snug fit for young fastpitch players to help in their development.

- 1. MODIFIED FP TRAP™ WEB:** Larger web allowing for the rest of your glove to be smaller. The result—maximum control.
- 2. LIGHTWEIGHT CONSTRUCTION:** Leather where you need it and woven fabric where you don't.
- 3. DUAL STALL (11.5" AND BELOW):** Ring and Pinky finger are automatically directed to the same end finger stall, providing maximum leverage to close the glove.

DEMARINI[®] ROGUE™

DIFFERENT. AND PROUD OF IT.

Insane Dedication to Performance[®] isn't a bad thing, it's a DeMarini[®] thing. Our first glove in a long time is hell bent on delivering lightweight performance.

- 1 RIDICULOUSLY STRONG SUBLIMATED NYLON BACK.** Abrasion and wear-resistant, with graphics that could only be from DeMarini. Used in equally demanding sports equipment like pro hockey gloves and pro motocross gear.
- 2 EXCLUSIVE LEATHER:** Made just for the Rogue.
- 3 TWO-TONE LACES:** Tough, strong, shaggy and flashy. And made in the U.S.A. Just like Ray DeMarini.
- 4 THE TOTAL PACKAGE:** Lightweight performance isn't just for hitters anymore.

DEMARINI BATS

NO REST FOR
THE WICKED.

BASEBALL BATS

To stay on top in this game you gotta push yourself to the limit. At DeMarini we rack our brains in the lab, we grind for hours in the cage, and we don't stop until we deliver the best in bat performance. Every piece of leading edge technology in our 2014 lineup is designed to put you ahead of the competition. You just have to pick up the stick right for you, and go take what's yours.

FASTPITCH BATS

You may step into the box alone, but you know that there's a whole bench of girls who are behind you no matter what. So you give them your all every time you step on the field. We pushed our CF6® family to the limit so you can lay it all on the line for your family. No matter what stage of the game you're in or what type of hitter you are, there is a CF6 right for you.

SLOWPITCH BATS

DeMarini slow pitch bats are made for one reason. So you can absolutely crush everything thrown your way. Because of our leading edge technology and dedication to destruction, our bats are unrivaled when it comes to the long ball. For every type of league and every type of swing, there is a DeMarini bat made for optimum power. Find your perfect stick, and start terrorizing that poor, poor outfield.

PRO BIRCH

DeMarini® Pro Birch is sourced from the best billets in North America to be strong and hard like traditional Maple, without the extra weight. Our Birch performs like a perfect blend of Maple (hard and powerful) and Ash (porous and light).

348 PROFILE: Gives the hitter a massive barrel for crushing the ball without the over the top swing weight.

248 PROFILE: This slightly smaller barrel profile is for the classic contact hitter.

PARADOX™ COMPOSITE BARREL: Using our new Paradox Composite, we've made a stronger composite that is shaped to perform softer. This makes for a bigger, hotter, more responsive sweet spot, which leads to consistently powerful results.

STACKED BARREL CONSTRUCTION: Two or more independent walls create a dynamic springboard hitting surface giving you a sweet spot with an explosive trampoline effect.

PARADOX™ COMPOSITE HANDLE: Gives you a stronger and stiffer handle than ever. This makes for a more responsive, hotter barrel. You can now feel more for the sweet spot on every swing for a truly consistent performance.

SST/DURA-CORE™

SUPER SEAM TECHNOLOGY™: With seams 20% higher than our raised seam baseball, pitchers experience superior control on the mound. Fielders can locate the ball quicker in their glove and throw with more accuracy.

DURA-CORE TECHNOLOGY™: Helps the ball retain hardness 15% better than the competition. Formed to withstand impact and give you the game changing performance you need.

RAISED/RED CUSHIONED CORK

RAISED SEAMS: Raised 20% higher than our flat seam baseball to give pitchers and fielders better grip and accuracy.

RED CUSHIONED CORK: Give your game an edge with a baseball that stays more energized during bat/ball collision.

LIGHTNING™ AND STONE™

If you didn't know, you probably expected as much. But we can't keep 'em covered up anymore, so the word is out...DeMarini® has balls. What separates our balls from your balls?

LIGHTNING: This bolt of fire is available in pretty much any configuration you can think of. ASA? Check USSSA? Check USSSR? Available in Leather and Leather-like,™ it will last longer than your Wednesday night hipster mush-ball league. The inside of this rock is filled with the same Polyurethane retrieved by our R&D time travelers...from the future! It sounds awesome because it is.

LIGHTNING—don't stand in front of it

STONE: Official ball of Team DeMarini. Lab compression tested to 300 lbs., they're as hard as the brass on your bench. That's right, we've squeezed our balls so you don't have to. The inside of this rock is made with space-age Polyurethane! From the U.S.A! Now with bigger bounce-to-the-ounce these .52 COR bad boys are available in both a hard-wearing genuine Leather and Leather-like skin.

STONE—as hard as the day is long

CASEY® PRO 3G™ GET AHEAD OF THE GAME

STOCK NO.	WEIGHT	LIST PRICE
WTAT0601	110 LBS.	\$4962.50

LEVEL: Professional, Collegiate & High School

SPEED RANGE: 30-100mph

BALL TYPES: Baseballs

Regulation (Leather) & Dimpled (Rubber)

PITCHES THROWN: Fastballs, Changeups & Breaking Balls

DEFENSIVE DRILLS: Fly Balls, Pop Ups, Line Drives, Grounders & Catcher's Blocking

When it comes to accuracy and versatility, no machine is better equipped than the Casey® Pro 3G™. The Casey Pro 3G will throw any type of pitch, with repeated accuracy, to any part of the strike zone. Once you select a pitch type, and set the 3G to throw down the middle, you can utilize our unique micro-adjustment system to move the pitch anywhere in strike zone with just a few quick twists. The Casey Pro 3G: powerful, versatile, and unparalleled accuracy.

PRODUCT FEATURES

- Dual C-Wheel design allows for maximum pitch control and consistency.
- Innovative pinpoint control system utilizes dual micro adjusters (left/right and up/down) allowing you to easily and quickly move the pitch to any part of the strike zone.
- Built-in transport wheels and quick release tripod Legs assure mobility and ease of storage.
- Precision cast aluminum wheels, steel frame, powder coated finish.

ROOKIE® PRACTICE JUST GOT MORE EFFICIENT

STOCK NO.	WEIGHT	LIST PRICE
WTAT0501	80 LBS.	\$3250.00

LEVEL: Professional, Collegiate & High School

SPEED RANGE: 20-65mph

BALL TYPES: Baseballs

Regulation (Leather) & Dimpled (Rubber)

PITCHES THROWN: Fastballs & Changeups

DEFENSIVE DRILLS: Fly Balls, Pop Ups, Line Drives, Grounders & Catcher's Blocking

It's time to make room on your roster for the ATEC® Rookie®. The Rookie Training Machine puts the ball exactly where you want it, every time. Rookie has the ability to rotate (360° horizontally/120° vertically) while in use, allowing you to challenge your first baseman with a Major League pop-up and then quickly test you shortstops range with a backhand in the hole. Now every drill can be practiced at a high volume and frequency—giving your players more real game repetitions in a 2-hour practice than most see in an entire preseason.

PRODUCT FEATURES

- Dual Pitch Pad® design produces realistic ball spin.
- HD Pitch Chute promotes maximum ball visibility for both fielders and hitters.
- Elevation control component allows you to quickly change the angle of the ball flight.
- CaddyPod® wheeled transport system makes setting up for practice and transitioning between drills quick and easy.

CASEY® 2 COVER ALL YOUR BASES

STOCK NO.	WEIGHT	LIST PRICE
WTAT0550	65 LBS.	\$2687.50

LEVEL: Travel, Backyard

SPEED RANGE: 20-60mph

BALL TYPES: Baseballs & Softballs (11" & 12")
Regulation (Leather) & Dimpled (Rubber)

PITCHES THROWN: Fastballs & Changeups

DEFENSIVE DRILLS: Fly Balls, Pop Ups, Line Drives, Grounders,
& Catcher's Blocking

The Casey® 2 is the workhorse in the ATEC® lineup. It has the unique ability to throw baseballs and softballs. By simply changing the position of the pinch pad, you essentially have two machines in one powerful package. Built from steel, this machine will take a hot-shot comebacker off the nose and step back up and deliver a strike right where you left off. The durability and consistency of the Casey 2 will make your defensive practice more efficient as well.

PRODUCT FEATURES

- Adjustable Pinch Pad allows you to throw both baseballs and softballs (11" & 12")
- 3-Point V-Pinch Pad generates maximum accuracy.
- CaddyPod® wheeled transport system makes setting up and storing the machine quick and easy.

DEMARINI
TEAM ISSUE APPAREL
RIDE TOGETHER.

RISE TOGETHER.

INTRODUCING DEMARINI 2014 APPAREL

Last year, we became the first company to make apparel specifically tailored to the ball player's needs. This year, we're rounding out our line and meeting even more player needs. Our assortment is bigger and badder than ever with new additions and improvements to player favorites. We've got every base covered.

TEAM ISSUE COLLECTION

This is a game built on trust. No matter how hard you train as an individual, you will always need those eight other teammates to accomplish anything. Just like you can count on your teammates, you can also count on our gear with high tech fabrics and expert designs to work hard in every game like you.

Items available exclusively to DeMarini Apparel Dealers for selling to teams during November 2013-April 2014. Contact your local rep to see if you qualify.

MEN'S GAME DAY

It's not just any other day. It's Game Day. And Game Day plays by a different set of rules. It's the day where you lay it all on the line to make sure the scoreboard turns off with the lights in your favor. Whether it's a hot bat or a shirt to help you swing it, we give you every advantage to bring home the W.

MEN'S TRAINING DAY

Every kid's been there. You dream of stepping to the plate with the bases loaded, bottom of the 9th, two outs. The way we see it, you can either keep dreaming of it, or you can start training for it.

Our Training Day line was designed by real players who understand the way you train for your sport. With their dedication to performance, we've come up with gear that works just as hard as you do to elevate your preparation around the clock. The gear is ready. So wake up and get to work.

WOMEN'S GAME DAY

It's not just any other day. It's Game Day. And Game Day plays by a different set of rules. It's the day where you lay it all on the line to make sure the scoreboard turns off with the lights in your favor. Whether it's a hot bat or a shirt to help you swing it, we give you every advantage to bring home the W.

WOMEN'S TRAINING DAY

Fastpitch has a season. Training doesn't. Just because the calendar says opening day is off in the distance, that doesn't mean you get to sit around and wait for it. Your goals don't wait for cold fronts to pass by or rain to subdue. You need gear that keeps you in the cage no matter what the weatherman says.

All orders are taken subject to Wilson acceptance at its home office at 8750 W. Bryn Mawr, Chicago, Illinois, 60631 and any agreement for the sale of merchandise entered into will be deemed to have been made in Cook County, Illinois, and shall be interpreted in accordance with the laws of the State of Illinois. No order is subject to change or cancellation without Wilson consent. Wilson does not assume any liability for delays in or failure to make delivery due to conditions over which Wilson has no control, including delays of carriers, accidents, strikes, differences with workmen or any other unavoidable cause. Should Wilson costs increase through imposition of excise or any other tax by compliance with any code, license, action or regulations of any public authority or by virtue of any law, or for any other reason, Wilson shall have the right to increase such prices or quotations. Standard pack policy—all merchandise must be purchased in standard packs. Items, freight terms and prices listed are subject to withdrawal and/or change without notice. Prices prevailing at time of entry shall apply on all orders. A service charge of the lesser of 1½% per month (18% per annum) or the highest legal rate will be charged on all past due accounts. List and trade prices stated in this catalog are suggested prices. Such prices are not binding and are included for reference only. Sales Policy on Athletic Uniforms: Utmost care is used in the selection of dyes to obtain the highest possible degree of color fastness. We believe our dyes to be second to none in the industry. There is no known process which can positively regulate the final results when Nylon, Orlon, Rayon, Worsted, Polyester or Cotton yarns or cloth are dyed. Every effort is made to match colors. However, it is not possible to guarantee every color. Therefore, all orders are taken with the understanding that we cannot be held responsible for fading. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Vi-Screen ink. Wilson Sporting Goods Co. will not assume responsibility for this happening. To safeguard against error and delay, please order by exact color, as in Navy Blue or Royal Blue, etc. Note: Wilson Sporting Goods Co. is not responsible for legality of custom uniforms ordered. Please check with your team association for uniform guidelines before ordering. Cancellations: Orders may not be cancelled once material has been cut or 10 days after acknowledgement, whichever occurs first. Returns: No merchandise is returnable unless claim is made within thirty (30) days from date of receipt and permission is granted by Wilson for such return. Authorized return label must be attached, or return will be refused by our receiving department. Any merchandise accepted for repair or adjustment must be cleaned prior to return.
